## President's Message September 2011

Letter to members of Wayne Drumlins,

Our Marion show became not just wet, but thoroughly drenched. George, Marion, Pam and our entire awards crew were amazing as they had to keep changing plans until we finally gave out trophies indoors. Valerie was an awesome announcer and our winning car owners were mostly very patient with the difficult circumstances. We were feeling sorry for our misfortune until that night when we saw the TV news and realized we had narrowly missed a damaging tornado further east in the county.

On the day before we had a good time preparing the field, and learning more of the myriad tasks necessary for this large show. Most of us stayed for the picnic at the new time. Thank you everyone for bringing food, and a special thanks to our grill masters, Pete and Carl.

**PRESIDENT'S PICNIC:** Martha and I will host a picnic at our home overlooking Canandaigua Lake at 2:30 PM Sunday the 18th of September. Please bring a dish to pass. Hot dogs and hamburgers will be provided. The address is 5242 County Rd. 11.

**DIRECTIONS:** Starting in Canandaigua on 5 & 20 at the light by Taco Bell, take Route 364 south (East Lake Rd.), through Crystal Beach, then turn right on County Rd. 11 (continuation of East Lake Rd.), going past Pelican Point Marina and the Christian Camp. Just after Shale Beach Rd. is our cedar garage and house on the right. We are a total of 8 miles south of 5 & 20.

If you come from Rushville, take Railroad Ave./Townline Rd. west, then left (north) on C.R.11/East Lake Rd. down the hill to # 5242. Call 585-690-5329 if you get lost.

Please leave the driveway open for those who need easy access. You can park along the road, the pull-off by the house, or down on the grass where Shale Beach Road joins meets C.R.11. We are hoping for a nice early Fall day so that everyone in the club can enjoy the scenic drive along the lake.

Loren

Jean Empson, Acting Secretary

### **GETTING OLD**

I've sure gotten old!

I've had two bypass surgeries, a hip replacement, new knees, fought prostate cancer and diabetes.

I'm half blind, can't hear anything quieter than a jet engine, take 40 different medications that make me dizzy, winded, and subject to blackouts.

I have bouts of dementia and suffer from poor circulation.

Can hardly feel my hands anymore and can't remember if I'm 85 or 92.

I've lost all my friends but thank God, I still have my drivers license.

## Wayne Drumlin 34th Annual Car Show

Saturday was the typical set up day. Some went for breakfast and by 9, the field was buzzin'. The flea market field with it's new layout and the car show field was being lined. The sponsor plaques were hung, the field were numbered and the ladies flea market spot was set up. By noon time all were ready for lunch. I hear Carl and Pete were at the grill and lunch was served. The trophies were assembled in the afternoon and all was quiet. Picnic picture courtesy of Matt, yours truly forgot to send the camera with Pete.

Sunday did not look the best for a car show when we woke up to rain drops, but we were hoping it would clear. When we arrived at the field, people were busy with last minute duties and a few cars were there. We brought our 1966 Charger for the first time. Cars slowly arrived and then around 11, the sky turned brighter and the rain disappeared. For a few hours things were looking up and then—as you all know, the sky opened up. What a rain! It poured —buckets. This was the worse storm we had ever experienced, but car people are great. Everyone huddled under pavilions, in their cars or wherever they could. It just got worse and worse with no end in sight. The trophies were given out by hand with one of our newest members announcing the winners from on top of a chair at the top of her lungs. Thanks Val. Our pa system was under a tarp, under a canopy in the field. (Hope it survived). People were just going with the flow. Finally it did let up and folks dashed for their cars, members picked up and we had another year behind us. This one had to be a record. We heard and it was confirmed that there was a tornado in Wayne county. I'm thinking we were experiencing the edges of it. WOW!! It's has to be better next year, right?

Jean

## AACA LIBRARY -Photography Treasures

Early on Show Day with hopes of the weather clearing

Late morning, a little clearing and hopes of sun

Early afternoon— this picture says it all!!

We're constantly the grateful recipients of a steady stream of donations in the form of sales literature, manuals, books and other antique automobile publications. Some of the most interesting and unique contributions we receive are the photographs that make their way to us.

A hodgepodge of random photographs found in boxes and photographs people have sent us over the years to identify have created a rare collection we're happy to house. We've recently been sorting through a few boxes of miscellaneous photographs.

They include vintage AACA shots, AACA Magazine photos, and snapshots of accidents, dealerships and garages, automotive events, motorcycles, museums, race cars, toys, trucks and trailers, and vehicles with and without identification. The collection also includes newspaper clipping and post cards.

Anytime you stop in the [library](#), just ask and you can peruse the collection yourself!

Check out a few of our most recent findings, including a Buick postcard, a gleaming 1958 Chevy Pickup, and a 1930/31 American Austin posing with The Little Rascals!
